Key Strengths

- Spatial discipline/compactness control
- Rest-defense instincts
- One touch rhythm play

Key Risks / Concerns

- Overactive touches under pressure (disrupts tempo)
- Tempo no yet synced to game-state
- Not strong enough in duels.

COACH NOTES / TACTICAL OBSERVATIONS

Positionally intelligent midfielder with strong spatial discipline and good rest defense instincts. Naturally compresses space, keeps the team compact, and understands rhythm through one-touch play. Has a very good understanding of how to press. Current limiter is on-ball overactivity under pressure, he reads the game, but hasn't synced tempo and game state yet. High coachability.
